

Name: _____

Never play with fireworks unless you are supervised by an adult - they are explosives and can hurt you.

Never throw fireworks or put them near to other people.

Only adults should light or hold fireworks.

When you are watching fireworks stand well back.

Never go near a firework that has been lit. Even if it hasn't gone off, it could still explode. tell an adult to deal with it.

Fireworks will frighten your pets, so keep your pets safely indoors.

If you are given a sparkler:

- ♦ always hold it while wearing gloves - the sparks might burn your hands and frighten you.
- ♦ Hold it at arm's length. never bring it near your face - sparks can damage your eyes.

When your sparkler goes out, **DON'T TOUCH** the end - even when it stops glowing it is still hot. It could still burn you, so put it in a bucket of water.
